

100mm Large Display

Output Display (options)	Time Temperature %RH RPM AMPS 4-20mA retransmission
Input (options)	4-20mA input signal Proprietary temperature probe RPM - proximity sensor
Display	100mm Red Seven Segment
Clock Accuracy	Crystal RTC Keeps time after power failure
Temperature Accuracy	2% over range 0 to 150 Deg C
Dimensions	L 420mm x H 106mm x D 70mm
Input Voltage Mains	220V-230V 50Hz
Current Consumption	Max. 20mA

Zenith Instruments is a Runrite Electronics brand.
